\* ADVOCIS approved

One in four persons over the age of 80 will develop some form of dementia.

If you are a financial services professional, or a professional in a relationship-based, client centred practice, then now is the time to take proactive steps to ensure you can work effectively and safely with aging clients even as they face the risk of changing cognition.

**Join us and become a Dementia-Friendly Professional (DFP™). Register today.**

### Learning opportunities

- The business risks presented by clients with mild cognitive impairment (MCI)
- How changes to the aging brain affect financial management capacity
- Signs, symptoms and what to do if you suspect a client is suffering from MCI
- Balancing advocacy and privacy
- How to create a Dementia Friendly Practice that protects your clients and your practice
- Differentiating you and your practice as a Dementia Friendly Professional
